Shot-Ending Sequences by Starting Third

Positionist vs Relationist

73 qualifying build-up sequences this season.
36 lean Positionist (longer, zone-to-zone passing),
37 lean Relationist (tighter combination play),
split at this team's own median action distance
of 23.3 (Opta pitch units).

Full pitch maps for each starting third, and for the Positionist/Relationist style split, are in Visuals/BuildUp/ - this page summarises the volumes only.

Transition

PSV Eindhoven · regain (tackle/interception/recovery) to shot, within 15 seconds

27

Transitions -> Shot
